

Dear Parent / Guardians,

Greetings!

In today's era of complexities, where career choices ranges from medicine to mass communications, engineering to event management, marine biology to information technology, and every field has become so diverse in itself that the confusion teenagers face over which career to pick is understandable. This is mainly due to the fact that students don't analyze themselves and their hidden qualities, abilities and potential.

WonderSkool (a firm specializing in organizing 'career workshops' in various reputed schools in India) is now organizing the **"Career Awareness Program"** in your ward's school.

This program for **class 10th students** is based on **CAREER APTITUDE MAPPING**. The team of "WonderSkool" will conduct a **'Career Profiling Test'** for every student. The Career Report will be discussed individually with every student and their parents.

Workshop1 : Career Aptitude Test

Workshop2 : One to One Counseling Session on Career Report Along with the parents

Every student will receive their **Unique Career Profile Report and Whatsapp subscriptions**.

The WonderSkool team will conduct these workshops with students, within school timings and in the school premises only.

The total fees for the entire program is Rs. 900/- only.

The payment has to be made to the respective class teachers by 5th Sept 2024. This program is compulsory as it will benefit our students exponentially in the long run.

Thank you for your cooperation.

Thanks & Regards

Ms. Neha Sehgal
Principal
The Millennium School, Bathinda
